Dear Gurj Boparai,

I am writing on behalf of Kwikwetlem First Nation Enterprises (KFNE), the economic division of the Kwikwetlem First Nation, to express our support for your endeavors in partnering with us on projects within and outside of our territory.

As you may know, our territory encompasses several municipalities in the Lower Mainland region of B.C., Canada. Many projects are underway, each representing an opportunity for growth, development, and mutual benefit.

Your specialization in various services and products is not only valuable but also aligns closely with our core values and beliefs. We believe in fostering partnerships that not only drive economic prosperity but also uphold the principles of sustainability, community engagement, and respect for the land.

The collaboration between KFNE and firms like yours not only promises economic benefits to the Kwikwetlem First Nation, but also facilitates meaningful relationships built on trust, respect, and shared goals. By working together, we can create lasting impacts that extend beyond the life of any project.

Your commitment to KFNE, as described in your letter titled [LOC\_24\_070], reflects a shared vision for the future—one that prioritizes collaboration, inclusion, and responsible stewardship of resources. We commend your dedication to these principles and anticipate a partnership that benefits all stakeholders involved.

In closing, please accept this letter as a symbol of our support and appreciation for your decision to align with and commit to KFNE.

We eagerly await the positive impact of our partnership and stand ready to support you in any way we can.

Warm regards,

Ali Fatourechi
